Maths

Think like an artist by:

Using a variety of materials to try out ideas.

Lesson Sequence:

1. Can I use a variety of materials to try out ideas? Can I identify which of my ideas that I like the best and explain why?
2. Can I think carefully about the items I choose to print with? Can I create simple block patterns and designs when printing?
3. Can I mix different shades of green? Can I mix at least 5 different shades of green?
4. Can I draw a variety of shapes using different media? Can I use 2D shapes to create abstract artwork?

National Curriculum Coverage:

- To develop a wide range of art techniques in colour, pattern, texture, line, shape, form and space.
- To know about the work of a range of artists, describing the differences and similarities between different practices and disciplines and making links in their work.

Prior Learning:

- Children develop their own ideas through selecting and using materials and processes that interest them.
- Through explorations they find out and make decisions about how media and materials can be combined.
- Children talk about their own ideas and processes which have led them to make the image or product.
